Subject: SR 162 Puyallup River (McMillin) Bridge Project

Dear Roger:

I am on the Board of Directors of Docomomo WEWA (Documentation and Conservation of the Modern Movement, Western Washington). We are a 501(c)(3) non-profit organization based in Seattle.

Our mission is to raise awareness and appreciation of modern design in Western WA. We advocate for the protection of modern historic resources. Website link: <http://www.docomomo-wewa.org/>

It has come to our attention that the McMillin Bridge is undergoing Section 106 review. We believe the bridge is an important and unique structure and a fine example of early modernism in our state.

We are requesting Section 106 consulting party status for the SR 162 Puyallup River (McMillin) Bridge. We'd like to participate in the process as much as we are able. We are an all-volunteer organization administered by all-volunteer Board.

If our request for Section 106 consulting party status is accepted, please send materials/documents to:

Eugenia Woo
Docomomo WEWA
PO Box 70245
Seattle, WA 98127

Email: eugewoo@earthlink.net (our organization's email address is info@docomomo-wewa.org)

Thank you!

Regards,

Eugenia Woo
